The project is included in the list of 24 projects under review by Hon'ble Supreme Court. Hon'ble Supreme Court vide order dated 13.08.2013 directed the MoEF&CC as well as State of Uttrakhand not to grant any further Environmental Clearance for any hydropower projects in the State of Uttrakhand until further orders. In compliance to the above order, MoEF & CC constituted an Expert Body vide order dated 12.05.2015. Expert Body has recommended, in its report to MoEF&CC issued in Sept, 2017, that the project should operate to run one turbine continuously during lean season to minimize peaking impact at Devprayag. Hon'ble Supreme Court vide order dated 24.11.2015 directed MoP, MoEF&CC and MoWR to arrive at a common policy framework amongst three ministries which is yet to be formulated.

M/s. NHPC vide letter dated 22.10.2021 informed that the project has been closed w.e.f. 01.04.2021 vide NHPC office order dated 12.04.2021. Further, MoEF&CC has filed the affidavit dated 17.08.2021 before Hon'ble Supreme Court of India incorporating the responses of MoP and MoJS. It has been mentioned in the affidavit that there is consensus on only 7 projects, where substantial progress and sizeable investment have already been made, for implementation amongst the three Ministries and the Govt. of Uttarakhand. Kotlibhel- 1A HE Project of NHPC does not figure in this list.

Two pumped storage projects, namely Kadana (4x60 = 240 MW) and Sardar Sarovar (6x200 = 1200 MW) are constructed but not working in pumping mode. Kadana is not operating in pumping mode due to vibration problem. Sardar Sarovar Project is an interstate project of Gujarat, MP & Maharashtra and the operation of this project in pumping mode is under discussion with Narmada Control Authority (NCA) and concerned State Govts.

C. Balance Capacity

Sl.No.	Name of Project	River	Type	I. C. (MW)	District	Remarks
1	Balimela Dam Toe	Sileru	S	26	Malkangri	• The Government of Orissa and Government of Andhra Pradesh agreed in year 1962 that AP will construct a 60 MW Power House at Balimela toe for its own use at its cost, using AP's 50% share of water. Though the Dam is situated in orissa, 100% cost and benefits go to State of A.P. as per the agreement •. This project could not be taken up due to non-issue of NOC by Govt of Odisha for blasting material for power House excavation in spite of lot of correspondence from Govt of AP. • The Govt. of Odisha had informed the Govt. of AP on 08-09-2010 to take up the construction of this project jointly by both APGENCO & OHPC on 50:50 basis. • The correspondence has been done with Govt. of Odisha from year 2013 to till date on the finalization of the clauses of draft modified agreement to be entered by both Govt. of AP & Govt. of Odisha as the implementation of Balimela Dam Toe HE Project would be taken up jointly by both APGENCO & OHPC duly sharing the costs and benefits in 50:50 ratio as per the decisions of Project Administrative committee (PAC) and after signing of modified agreement. • At present, the draft modified agreement is submitted to the Govt. of AP vide dt:07-07-18 for approval. After receiving approval from Govt. of AP, the draft modified agreement will be sent to M/s OHPC for arranging consent of Govt. of Odisha.

PFR for Idukki PSP (700 MW) prepared and submitted to KSEBL. KSEBL decided to develop Idukki and Pallivasal PSP by themselves As per KSEB letter dated 21.07.2026 received via email dated 22.07.2026 :- Idukki PSP is currently under study for capacity enhancement , after which action wil be initiated for inviting the Request for Proposal (RFP) for DPR preparation
2	Pallivasal	Mudirapuzha	600	KSEB	Idukki	Indicated by MoP to THDCIL As per email from THDC dated 10.07.2026:- Memorandum of Understanding (MoU) was signed with KSEBL on 24.01.23 for preparation of PFRs of 02 PSPs. PFR for Idukki PSP (700 MW) prepared and submitted to KSEBL. KSEBL decided to develop Idukki and Pallivasal PSP by themselves As per KSEB letter dated 21.07.2026 received via email dated 22.07.2026 :- Pallivassal PSP has not been prioritised due to requirment for constructing two large dams, approximatley 82 m and 73m high, across Mudirapuzha River, a tributary of Periyar River at foothill of Munnar Plateau. The are had posed significant geological challenges during the implementation of Pallivasal Extension scheme (60 MW) , making the development of the proposed PSP comparatilvely more challeneging
3	Kakkayam	Upper reservoir-Existing Lower Reservoir-Existing	1000	KSEB		As per KSEB letter dated 21.07.2026 received via email dated 22.07.2026 :- DPR Preparation work awarded to Tata Consulting Engineer(TCE), PFR under Preparation Considering the availability of both the upper and lower reservoirs, minimal forest involvement, and the peak power shortage in northern Kerala, KSEBL accorded the highest priority to the Kakkayam Pumped Storage Project and entrusted M/s Tata Consulting Engineers Ltd., Bengaluru, with the preparation of the PFR and DPR through the Quality and Cost Based Selection (QCBS) bidding process
4	Mudirapuzha	Upper reservoir-Existing Lower Reservoir-Off stream	100	KSEB		As per KSEB letter dated 21.07.2026 received via email dated 22.07.2026 :- DPR preparation progressing inhouse. Topographical survey completed. Geotechnical investigation progressing. Although the installed capacity of the Mudirapuzha PSP is relatively small, it offers several inherent advantages, including existing upper reservoir, no requirement for forest land, easiness in land acquisition and the ability to serve as a redundant hydro power station for the Panniar Hydroelectric Project (32MW), which was commissioned in 1963.
5	Poringalkuth	Upper reservoir-Existing Lower Reservoir-Off stream	400	KSEB		As per KSEB letter dated 21.07.2026 received via email dated 22.07.2026 :- Inception level studies progressing. Thereafter, RFP will be invited for DPR preparation
