केन्द्रीय विद्युत प्राधिकरण  
नई दिल्ली**

**THERMAL PROJECT MONITORING DIVISION  
CENTRAL ELECTRICITY AUTHORITY  
NEW DELHI**

## **FOREWORD**

As per clause 73(f) of Electricity Act 2003, Central Electricity Authority is to “promote and assist in the timely completion of schemes and projects”. The Thermal Project Monitoring (TPM) Divisions of CEA are entrusted with the responsibility of monitoring the progress of construction/erection activities of all the thermal power projects in the country till the units are commissioned. Visits are also made by CEA officers to the sites for assessing the on-spot progress of works and rendering the advice/assistance in solving the problems being faced by the project authorities, thereby helping the project authorities in avoiding/minimizing the time and cost overruns of the thermal power projects.

In this context, Thermal Project Monitoring Divisions, Central Electricity Authority have been bringing out monthly report entitled “Broad Status of Thermal Power Projects in the Country”. This report covers up-to-date information in respect of 12<sup>th</sup> plan thermal power projects under execution in the country. The report gives the details of the milestones achieved as on date, along with the name, capacity, location, implementing agency, commissioning schedule, type of fuel, construction agency, estimated cost besides highlighting critical issues requiring immediate attention of concerned authorities in the implementation of thermal power projects in the country.

The Broad Status Report is being brought out regularly by TPM divisions on the basis of data forwarded by various project authorities, visits made by CEA Engineers to various power projects, holding discussions with the executing agencies and suppliers of equipments from time to time.

We welcome feedback for further improvement in the Broad Status Report.

**Place: New Delhi**  
**Dated: 22<sup>nd</sup> December, 2015**

**(Phool Chandra)**  
**Chief Engineer (TPM-II)**

---

Drum lifting was completed on 29 <sup>th</sup> Jan, 10. HT completed in 30/09/11. BLU done on 17/10/12. Pre Boiler Alkali flushing completed on 28.10.13. Non drainable hydro completed on 06.11.13. EDTA-completed, SBO(S)-22/01/14, SBO (Comp) -30/01/14.<br>2) TG Box Up completed on 10/5/12. Oil flushing completed on 19.07.2013. TG was put on Barring Gear on 27.09.13. Oil Syn done on 31/03/14 and coal syn in 07/14. Full load achieved at 08.00 PM on 24.08.2014. Unit is under trial run operation for COD.<br><b>Trial run operation is in progress for COD.</b><br><b>Unit-2</b><br>1) Boiler erection started in Sep' 09. Drum lifting was completed on 2nd April'10. Boiler Hydro test completed on 25.05.2012. Non drainable hydro done in 11/14. BLU done on 30/03/15. SBO started on 01/08/15 & completed on 07/08/15.<br>2) TG: TG Deck casting 26.06.10, Condenser erection started in 05/11, TG erection started on 18.12.12. TG Box up completed on 20/09/14. Oil flushing started in 08/14 and completed on 25/04/15. TG put on barring gear on 27/04/15. Oil synchronization in 12/15 and Full load in 01/16.<br>3) Mills & Feeders- No load trial run completed. Tripper's erection work in progress. Readiness of all 8 bunkers in in progress & Mill reject system completed.<br>4) AHP Wet System and Dry System – work under progress.<br><b>Common Area:</b><br>1) <b>Chimney-</b> Ready<br>2) <b>Switchyard-</b> Switch yard charged on 23.06.12. ST-I charged on 14.08.12.<br>3) <b>Ash Pond &amp; Ash Handling System:</b><br>Ash Pond compartment-I completed. 50% civil work in Ash Pond Compartment-II completed. Ash water recovery System civil work completed. Ash dyke availability with recovery system completed in 12/14. Ash dyke compartment-I completed.<br>4) <b>Coal Handling Plant:</b> Crusher house ready. Work on Staker-2, TP-8, TR-1. TP-10&11, Conv-10A, 12A, 11B is under progress.<br>5) <b>Water Corridor: Raw water pipe line laying</b> work has been completed on 10.12.15. Erection of three nos skid mounted pump completed. Erection work for connection between main pipe line and pumps is in progress. Erection & commissioning of equipment of 33 KV substation at intake is in progress and is expected ready by 12/15.<br>Contingency arrangement for Water has also been made from UTLA River near Salanchi bridge.<br>5) <b>NDCT:</b> Ready<br>6) <b>Rail Coridor:</b> Earth excavation and earth filling work in acquired land is in progress. Rail Infrastructure is expected to be completed by 12/17 |  |

Boiler:</b> Boiler erection started in Nov’09. Drum was lifted on 01.08.12. Hydro test was done on 10/12/13. Accordingly, BLU on 28/09/14, Hydro (ND) – 17/10/14. EDTA- 15/11/14 SBO (S)- 023/02/15, SBO (Completed) on 05/03/15.</p> <p><b>2. Mills, Feeders &amp; Bunkers:</b> Both sides are under progress.</p> <p><b>3. TG:</b> Condenser erection started in 11/12. TG erection started on 03.12.12 &amp; TG Box up completed on 30.06.14. Oil flushing started in 09/14 and completed on 09/03/15. Barring Gear - 15/03/15. Oil Syn achieved at 22.52 hrs. on 30/03/15 ( load up to 40 MW). Coal Syn &amp; Full load expected by 01/16.</p> <p><b>4. NDCT:</b> Shell Casting 68/88 completed. Grillage &amp; other system 53 % completed. Work in progress. NDCT will be ready Full - 02/16.</p> <p><b>5. CHP, Stacker Reclaimer:</b> Contracts of earlier tenders for CHP awarded on M/s Techpro &amp; for Stacker Reclaimer awarded on M/s. TRF by DVC have been terminated. Order for CHP interconnection rout from BTPS ‘B’ to BTPS‘A’ has been placed on 29.11.14 on BHEL. Civil work by BHEL is under process. Mechanical and Electrical vendors finalized and work will be started in 03/16.</p> <p><b>6. DM and PT Plant:</b> DM water, Clarified water and other facilities will be provided from existing plant for boiler light up. However, the work on DM plant, Clarified water, filter water, chemical plant for the project is under progress and expected readiness of DM Plant by 01/16, PT Plant by 03/16.</p> <p><b>7. Switch Yard:</b> PGCIL finalized the 400KV Switchyard package by issuing NOA on M/s Hyosung, Korea on 31.12.12. Commissioning of the switch yard completed. Start up power available.</p> <p><b>8. Chimney:</b> Chimney ready in 09/13. Flue cane under progress.</p> <p><b>9. AHP:</b> Equipment erection is under progress. Ash dyke completed. Work on BAH is completed. Pipe line from AHP to Silo is to be laid by BHEL. Fabrication &amp; Erection of pipe rack structure is in progress.</p> |
| Estimated cost : Rs. 231300 lakhs                                                                                                                                                                                                                                 |                                                                        |                                                                                                                                                                                                                                                                                |                        |       |                              |         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
