No-CEA/GO&D/OPM/PPI/5/1/2016/529-683

दिनांक:16.09.2016

विषय: वर्ष 2017-18 के लिए बिजली उत्पादन लक्ष्य - के बारे में
Subject: Electricity Generation Target for the year 2017-18- Reg.

Sir,

Please refer to our letter no. CEA/GO&D/OPM/PPI/5/1/2016/839 to 993 dated 16.08.2016 on the subject mentioned above, wherein you were requested to submit the data for Electricity generation target for the year 2017-18. The data in regard to stations under your kind control has not been received in Central Electricity Authority (CEA) till date. It is requested to kindly arrange to provide the required data at the email address targetopmcea@gmail.com with no further delay, failing which, the target for 2017-18 would be assumed as per assessment on the basis of performance of the units and records available in this office. The new formats for submission of data are available at http://www.cea.nic.in/reports/others/god/opm/egt_19082016.pdf.

भवदीय,

(चंद्रशेखर)

सेवा में: सूची अनुसार

Name of Organisation/ Utility:

1. Details of two contact persons Responsible for submission of data and one at TOP MANAGEMENT:

Sr. no	Name & Designation	email	Mobile No.	Phone no.	Fax no.	Remarks
1	(top Management)					
2						
3						

2A. DETAILS of ALL UNITS (since inception till date)

DETAILS of ALL UNITS (since inception till date)					Technical Detail*								Current Norms		
Station name	Unit No.	Installed Capacity (MW)	Date of commissioning	Date of Commercial Operation/ Stabilisation	Boiler make and Country	Turbine Make and Country	Boiler Efficiency (design)	Turbine Heat Rate (Design)	Unit Heat Rate (Design)	Type of cooling Tower	Type of BFP (motor/ Turbine) Driven	Type of FGD	APC	SFOC	Heat Rate
	1														
	2 etc..														

*CCGT/ Nuclear Power Plant/Diesel Power Plant formats may be modified accordingly.

2B. DETAILS of ALL UNITS (since inception till date)

2016-17 Actual / Anticipated generation details (MU)											2017-18 generation Target details (MU)		Remarks
Station name	Unit No.	Installed Capacity (MW)	Target for 2016-17 in MU	Actual Generation in MU till last month	%age PLF till last month	% age Availability till last month	Total Anticipated during the year	Reason for low generation	Planned maintenance MU loss and %age till last month	Forced Outage MU loss and %age till last month	Expected Target Generation (MU) for 2017-18	Reason for variation in target for 2017-18	
	1												
	2 etc..												

2C. DETAILS of ALL UNITS (since inception till date)

DETAILS of ALL UNITS			Loss of Generation Due to Reserve Shutdown / Low system Demend				Details of units (such as Name, Unit no., Cap.& New Cap.			Remarks
Station name	Unit No.	Installed Capacity (MW)	Reserve Shutdown in 2015-16 MU loss and %age wrt to max. possible gen	Reserve Shutdown in 2016-17 (till last month) MU loss and %age wrt to max. possible gen	Low system Demend in 2015-16 MU loss and %age wrt to max. possible gen	Low system Demend in 2016-17 (till last month) MU loss and %age wrt to max. possible gen	i)Retired Since inception (till last month)	ii)Uprated Since inception (till last month)	iii)Derated Since inception (till last month)	
	1									
	2 etc..									

3. Units likely to be commissioned

During 2016-17 (September 2016 onwards)						During 2017-18					
Station name	Unit No.	Capacity	Expected date of commissioning	Expected Target Generation (MU)	Remarks	Station name	Unit No.	Capacity	Expected date of commissioning	Expected Target Generation (MU)	Remarks

Note: Please furnish the month-wise break-up of yearly generation in a separate sheet keeping the similar format.

4. Loss of Generation due to Grid Constraints/ Low schedules /high fuel cost during 2016-17

Transmission Constraints/ power evacuation problems/ low schedule/high fuel cost

S No.	Details of the Constraint	Loss so far (Apr'16-Aug'16)		During 2016-17	
				Anticipated Period of constraint	Anticipated loss of generation (MU)

5. PPA details

Annex-I(2 of 2)

Capacity (MW)	With DISCOM			With State Trading Cos.			With PTC / other trading cos.				Untied (MW)	
	State of Discom	Quantum (MW)	Duration (Yrs)	Quantum (MW)	b/b PPA with Discom (name of Discom)	quantum of b/b PPA in MW	Duration of b/b PPA (Years)	Quantum (MW)	b/b PPA with Discom	quantum of b/b PPA in MW		Duration of b/b PPA (Years)
									(name of Discom)			

6(a). Coal Linkage for coal based plants

Unit No	Domestic linkage (MT)	Source	%PLF from this coal linkage during the year

6(b). Gas availability for gas based stations

Varoius sources	Figures in MMSCMD	%PLF from this gas availability during the year

7. Cost of Generation:

Unit No	Cost of Gen. (Paise/kwh)	Rate of Sale of Power (Paise/kwh)

Planned maintenance Schedules including R&M activities

A) R&M of Units likely to be completed during 2016-17 & 2017-18

Sub. Electricity Generation Targets for the year 2017-18.

Sir,

Annual exercise of assessment and finalization of the generation targets and the planned maintenance schedules of the generating units for the year 2017-18 is being initiated by CEA. **As decided by Ministry of Power and Central Electricity Authority, this activity needs to be preponed by two months for some Planning and Managerial activity.** Although the generation performance of the various stations and their planned & forced outages are regularly monitored in CEA but for a more realistic generation target projections the Station Authorities may tweak their maintenance schedule.

While monitoring the generation performance during the current financial year, it has been observed that power utilities are facing the problem of loss of generation on account of no/ low schedules, high fuel cost and other technical, commercial and transmission etc issues. Accordingly, it is requested to make available the following inputs in regard to all Power generating units of your organization in the enclosed formats: -

- i) The unit-wise yearly generation (with unit-wise monthly breakup) proposed during 2017-18 as per the format given along with the fuel availability, the anticipated loss of generation on account of various reasons such as grid constraint, low schedule/ Reserve shut down due to high cost, poor quality coal/lignite etc, if any, may also be furnished (**Annex- I (2 to 6)**).
- ii) Utilities who have their Power Purchase Agreement (PPA) with various Discoms, Trader, States etc, details may be furnished in MW for Long, Medium and Short term to enable us to assess the expected generation for next year (**Annex –I (point no 7)**).
- iii) The details of coal linkage from coal agencies and availability of secondary fuel oil/gas/ liq fuel may also please be furnished (**Annex- I (point no 8 (a) and (b))**). Production cost, Unit wise cost of generation and rate of sale of power may also be furnished. (**Annex – I (point 9)**)
- iv) Details of unit-wise schedule of Planned Maintenance as approved by the respective RPCs (Regional Power Committees), unit-wise R&M planned to be carried out during 2017-18, may also be considered for deciding the generation targets (**Annex- II**).

It may please be ensured that above details/information are received **by 15th September, 2016**, so as to enable us taking further necessary action in the matter. For the convenience of the generating utilities, the input formats are also being made available at our website <http://www.cea.nic.in>. The information may please be furnished electronically at the email address targetopmcea@gmail.com.

For any other query/ clarification any of the following officers may be approached.

1. Sarita Sewak, Director, sewak_sarita@nic.in - 9810506491
2. Anil Kawrani, Deputy Director, anilkawrani@nic.in -01126732650
