Annual Generation Programme 2019-20

Index:

Sr.No.	
1	Summary: All India- (Source Wise/Month Wise)
2	Summary: All India - (Region Wise/Month Wise)
3	Summary: All India - (Sector Wise/Month Wise)
4	Summary: All India - (State Wise/ Month Wise)
5	Summary: All India Thermal- (State Wise/Utility wise/Station Wise/Month Wise)
6	Summary: All India Nuclear- (State Wise/Utility wise/Station Wise/Month Wise)
7	Summary: All India Hydro- (State Wise/Utility wise/Station Wise/Month Wise)

Important Note:

1. The above Generation Programme is prepared by CEA, based on the actual generation by the Stations during previous years, maintenance schedules furnished by the Stations for the year 2019-20 and anticipated new capacity additions during the year. However, there could be substantial variations in generation from individual Stations due to change in actual maintenance schedules of Stations (vis-à-vis proposed schedules), & sudden outages of units, actual commissioning of new capacities and change in overall generation mix due to constraints in availability of specific sources like hydro or gas etc.
2. Gross Generation Programme from conventional sources (Thermal, Hydro and Nuclear) stations of 25 MW and above only.

1. Source wise Monthly distribution of Energy Generation Programme for the year 2019-20

Important Note:

1. The above Generation Programme is prepared by CEA, based on the actual generation by the Stations during previous years, maintenance schedules furnished by the Stations for the year 2019-20 and anticipated new capacity additions during the year. However, there could be substantial variations in generation from individual Stations due to change in actual maintenance schedules of Stations (vis-à-vis proposed schedules), & sudden outages of units, actual commissioning of new capacities and change in overall generation mix due to constraints in availability of specific sources like hydro or gas etc.
2. Gross Generation Programme from conventional sources (Thermal, Hydro and Nuclear) stations of 25 MW and above only.

6. Station wise Monthly distribution of Energy Generation Programme for the year 2019-20 (NUCLEAR)

Important Note:

- The above Generation Programme is prepared by CEA, based on the actual generation by the Stations during previous years, maintenance schedules furnished by the Stations for the year 2019-20 and anticipated new capacity additions during the year. However, there could be substantial variations in generation from individual Stations due to change in actual maintenance schedules of Stations (vis-à-vis proposed schedules), & sudden outages of units, actual commissioning of new capacities and change in overall generation mix due to constraints in availability of specific sources like hydro or gas etc.
- Gross Generation Programme from conventional sources (Thermal, Hydro and Nuclear) stations of 25 MW and above only.
