Subject: Replacement of old & inefficient thermal units by supercritical units-Decommissioning & Retirement of Mahagenco's 210MW Unit 3 of Parli TPS - Reg.

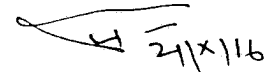

Sir,

Reference is invited to your letter No. CE/Works/Parli Retirement/7431, dated 09.06.2016 seeking decommissioning/retirement of Unit 3 of Parli TPS of 210MW and removing this capacity from all India installed capacity (IC). The details furnished by MAHAGENCO have been examined by the Standing Committee on Deration, Upration and Retirement of Generating Units of Central Electricity Authority. It is seen that decision to retire this unit has been taken by MAHAGENCO Board on 03.05.2016 as intimated by Secretary, MSPGCL vide letter No. MSPGCL/BM-157/157.17, dated 09.05.2016.

As MAHAGENCO have already retired the unit and the unit is under shut down, it is not desirable now to recommend retirement of this unit by CEA.

The decision to retire Parli, TPS Unit No.3 has been taken by MAHAGENCO based on their own techno-economic reasons and based on their decision, the unit is being deleted from our records of Installed Capacity.

Yours faithfully

(P.D. Siwal)

Secretary, CEA
