20th January 2020

Subject: Creation of Standardisation Cells in Ministries/Departments

Dear Sir,

As you are aware, Bureau of Indian Standard (BIS) is the National Standards Body of India involved in developing national standards on products, processes and services which are called as Indian Standards. These standards are formulated through various Sectional Committees comprising of stakeholders from government, academia, consumer organizations, industries etc.

2. Standards have been widely recognized as catalyst for technical development, industrial growth, the well-being of the society and more recently for convergence of new and emerging technologies. The Ministry of Commerce and Industry has developed the Indian National Strategy for Standardization (INSS) acknowledging the standards for goods and services critical to the establishment of a robust "Quality Ecosystem" in India.

3. In pursuance of the strategic considerations envisaged in INSS, BIS has brought out a "Standards National Action Plan (SNAP)", under which one of the actionable points is the creation of **Standardization Cells** in Ministries/ Departments/ Industry Associations. The Standardization Cell is envisaged to act as a channel of communication among the government, industry and BIS to facilitate the identification of new subjects and relevant experts for standardization in different sectors. The Cell will also facilitate the availability of timely inputs on standardization and enhance implementation of standards.

4. I would like to request you, therefore, to set up a Standardization Cell in your Ministry/Department, with an officer not below the level of Joint Secretary as its Chairperson and senior officers from the organizations and institutions under the administrative control of the Ministry/Department; and to share a copy of the order issued in this regard latest by 30th January, 2020 to enable BIS to organize an orientation workshop for the Heads and members of the Standardization Cells in the first half of February, 2020.

With Regards,

Yours sincerely,

(Pramod Kumar Tiwari)

Shri Sanjiv Nandan Sahai, IAS
