Subject: Plant wise Details of All India Renewable Energy Projects-Reg.

Renewable energy is a major contributor in overall Power generation with about 86 GW of Renewable energy installed Capacity by January 2020 and there is growing need of monitoring the project level performance of Renewable Energy Projects. Continuous tracking of projects will play a key role in understanding the ground level nuances and the challenges faced by Renewable Energy developers. It will also contribute for the energy planning for future. In this regard, CEA has made an effort to collect the project wise details of all Renewable Energy projects. With the sincere effort and praiseworthy contribution from SLDCs, CEA has successfully collected the data of about 80 GW of Renewable Energy Projects. The project wise details of All India RE projects is attached herewith. All SLDCs are requested to verify the information and intimate any suggestion/correction/updation at email- vmenghani@nic.in so that the same can be incorporated in the version 2.

भवदीय/Yours faithfully,

(विजय मेंघानी)/ (Vijay Menghani),

मुख्य अभियंता (आरपीएम) / Chief Engineer (RPM).
