Subject: - Meeting to review progress of the installation of public charging infrastructure for electric vehicles in Delhi/NCR- reg.

Sir/Madam,

As you are aware that National Electric Mobility Mission Plan (NEMMP) 2020 was launched by the Government of India in 2013 to achieve national fuel security by promoting hybrid and electric vehicles in the country and gradually ensuring a vehicle population of about 6-7 million of hybrid and Electric Vehicles (EVs) by 2020. Government has subsequently launched the Faster Adoption and Manufacturing of (Hybrid &) Electric Vehicles (FAME India) scheme under NEMMP 2020 for providing a major push for early adoption and market creation of both hybrid and EVs in the country. The scheme has four focus areas, namely; technology development, demand creation, pilot projects and charging infrastructure.

Since setting up of charging infrastructure is one of the key concern areas for EVs, therefore, to draw a roadmap for setting up charging infrastructure for EVs, the Ministry of Power constituted two Committees viz. (1) Committee on Technical Aspects of charging station for EVs, and (2) Committee on Policy, Planning and Regulatory/Tariff Aspects as per the decision taken in the MoP meeting held on 2nd January 2018. Both the Committees have submitted their recommendations as per their terms of reference vide report dated 28th March, 2018 and the Guidelines and Standards dated 14th December, 2018, respectively.

To review the progress of action taken on setting up of charging infrastructure by various agencies in Delhi/NCR based on the above report/guidelines and standards, a meeting is proposed to be convened in CEA. The main agenda of the meeting is as under:

- 1.
2. Take stock of the preparedness of the various government and private agencies/ organizations for the roll out of scheme as per the recommendations and guidelines/norms framed by the Committees.
3. The status of the progress of the initiative taken so far.
4. Compliance of the norms for the public charging infrastructure.
5. Action plan for achieving the targets/time lines set under Priority for Roll Out of Electric Vehicle Public Charging Infrastructure laid down in the guidelines & standards.
6. Any other relevant issue.
- 7.

The meeting is scheduled to be held on **10th May, 2019 at 11.00 a.m.** in Manthan, CEA, 2nd Floor, Sewa Bhawan, New Delhi and will be presided over by the Member (Planning), CEA.

You are requested to make it convenient to attend the meeting or depute a suitable officer dealing with the subject to attend the meeting. It is also requested to kindly communicate the contact details of the officers attending the meeting.

Sincerely,

उपेन्द्र कुमार
