Minutes of Meeting taken by Chief Engineer (PSPM), CEA at New Delhi on 23.03.2018 to review the progress of Mahan – Sipat 400 KV D/C transmission line being implemented by Essar Power Transmission Company Ltd. (EPTCL)

1. Chief Engineer (PSPM) welcomed all the participants and expressed his concern on slow progress of Mahan- Sipat 400 kV transmission line. Further, CE(PSPM) took up the agenda of the meeting and sought the progress made by M/s EPTCL so far.

2. Representative of M/s EPTCL(Essar Power) submitted current status of progress of the line as under:

- Total length 337 km
- Total Tower locations 942 nos
- Foundations completed 942 nos.
- Tower erection 942 nos.
- Stringing completed 296 km

Representative of M/s EPTCL stated that additional manpower resources have been deployed to complete the line by May'18. CE(PSPM) enquired specifically about the manpower deployed for stringing work. Representative of M/s KPTL (Katpataru Power Transmission Limited) submitted that at present, 4 TSE & 2 Manual gangs have been deployed by M/s KPTL and two teams have been working for Restoration works / crossings.

3. M/s KPTL also expressed their concern on unavailability of front for carrying out stringing works. M/s EPTCL informed that they have already contacted the District collectors, SPs and SDMs of Balrampur & Surajpur Districts of Chhattisgarh and Singrauli district of M.P. M/s EPTCL assured that for ensuring clear work front to M/s KPTL, following steps would be taken:

- (i) EPTCL to remain in touch with local Tehsildars & Patwaris of concerned area to resolve the issue of RoW
- (ii) EPTCL to line up security persons / police protection wherever required.

4. KPTL confirmed that with the available manpower as stated above, the stringing work shall be completed on best efforts by end of May' 2018 and submitted the plan of balance stringing work as under:

- Mar'18 8.309 km
- Apr'18 21.015 km
- May'18 12.378 km

5. EPTCL has informed that Wireless Planning & Coordination Wing of Ministry of Communication (Department of Telecommunication) vide their letter dated 06/09/2012 had issued NoC for use of PLCC frequencies as proposed by EPTCL for the above transmission line. Although due to some unexpected conditions the construction of line got delayed and some frequencies allotted to this line have now been allotted to PGCIL by WPC. EPTCL vide their letter dated 25/09/2017 has again requested WPC and PCD Division (erstwhile Load Dispatch & communication Division), CEA to allot alternate frequencies. PCD Division, CEA vide their letter dated 12/10/17 has also requested WPC to allocate PLCC frequencies on priority basis. EPTCL representative requested to take up matter with WPC/CE(PCD).

Meeting ended with vote of thanks to the chair.
