Adverting to the correspondence in the letters cited under references above, it is to inform that:

TSTRANSCO, in principle has consented to extend supply from 132/33 kV SS Chennur (Kishtampet), Mancherial Dist, Telangana at 132 kV level to the proposed 132 kV Sironcha SS, Gadchiroli, Maharashtra upto 20 MW on double circuit line.

TSTRANSCO expects similar reciprocation from Maharashtra in case of need in future. A line in confirmation will be appreciated.

As the proposed connectivity being inter-regional line, it is requested to approach CEA for obtaining necessary approval for extending the 132 kV connectivity as sought.
