Sub. Electricity Generation Targets for the year 2015-16. Sir.

Annual exercise of assessment and finalization of the generation targets and the planned maintenance schedules of the generating units for the year 2015-16 is being initiated by CEA. Although the generation performance of the various stations and their outages for planned & unscheduled outages are regularly monitored in CEA but it is felt that a more realistic projection of month-wise generation in the coming year could be made by the respective Station Authorities.

While monitoring the generation performance during the current financial year, it has been observed that power utilities are facing the problem of fuel supply and shortages, loss of generation on account of transmission constraints, no/ low schedules and high fuel cost etc. Accordingly, it is requested to make available the following inputs in regard to thermal generating units of your organization in the enclosed formats:-

- The unit-wise wise yearly generation (with unit-wise monthly breakup) proposed during 2015-16 as per the format given along with the fuel availability, the anticipated loss of generation on account of various reasons such as grid constraint, low schedule/ Reserve shut down due to high cost, poor quality coal/lignite, if any, may also be furnished (Annex-I (1 to 5)).
- ii) Utilities who have their Power Purchase Agreement (PPA) with various Discoms, Trader, states etc, details may be furnished in MW for Long term, Medium term to enable us to assess the expected generation next year (Annex –I (point no 6)).
- iii) The details of coal linkage from coal agencies and availability of gas/ liq fuel may also please be furnished (Annex- I (point no 7 (a) and (b)). Unit wise cost of generation and rate of sale of power may also be furnished.(Annex I (point 8))
- Details of unit-wise schedule of planned Maintenance as approved by the respective RPCs (Regional Power Committees), R&M proposed to be carried out during 2015-16 and considered for deciding the generation targets for various generating units may please be furnished as per format enclosed (Annex-II).

It may please be ensured that above details/information are received by 31th October, 2013, enabling us taking further necessary action in the matter. For the convenience of the generating utilities, the input formats are also being made available at our website http://www.cea.nic.in. The information may please be furnished electronically at the email address targetopmcea@gmail.com.

For any other query/ clarification any of the following officers may be approached.

- 1. Rishika Sharan, Director, rishika sh@yahoo.com 9868021299
- 2. Kiran Meena, Asstt Director, kiraniitd375@gmail.com -01126732684
