## **Executive Summary on Power Sector**

**May-2023**

| Executive Summary for the Month of May-2023 |                                                                                                          |         |
|---------------------------------------------|----------------------------------------------------------------------------------------------------------|---------|
| Contents                                    |                                                                                                          |         |
| SN                                          | Section A - Highlights of Power Sector                                                                   | Page    |
| 1                                           | Electricity Generation                                                                                   | 1A & 1B |
| 2                                           | Generating Capacity Addition                                                                             | 2       |
| 3                                           | List of Projects Commissioned                                                                            | 3       |
| 4                                           | All India Installed Capacity (MW) Region-wise                                                            | 3       |
| 5                                           | All India Installed Capacity (MW) Sector-wise                                                            | 4       |
| 6                                           | Transmission Lines Added during the month                                                                | 5       |
| 7                                           | Transformation Capacity Addition                                                                         | 6       |
| 8                                           | Power Supply Position (Energy & Peak)                                                                    | 7       |
| 9                                           | Peak Shortage of Power Supply (MW) in Different Regions                                                  | 8-9     |
| 10                                          | All India PLF Sector-wise                                                                                | 10      |
| 11                                          | Trend of T & D and AT & C Losses (%)                                                                     | 11      |
| 12                                          | All India Village Electrification Status                                                                 |         |
| 13                                          | Average cost of Power & Average Realisation                                                              |         |
| 14                                          | All India Coal consumption for Power Generation (MT)                                                     |         |
| Section B - Capacity Addition               |                                                                                                          |         |
| 1                                           | Capacity Addition Targets and Achievements in 12th Plan, 2017-18 , 2018-19 ,2019-20, 2020-21 and 2022-23 | 12      |
| 2                                           | Capacity Addition Targets & Achievements during May-2023 and Apr-23 to May-23                            | 13      |
| 3                                           | Installed Capacity in various Regions including their shares.                                            | 14-19   |
| Section C - Transmission Lines              |                                                                                                          |         |
| 1                                           | Executive summary of Target and Achievement of Transmission Lines during 2023-24                         | 20(1)   |
| 2                                           | List of Transmission Lines Commissioned in the month.                                                    | 20(2)   |
| Section D- Substation                       |                                                                                                          |         |
| 1                                           | Executive summary of Target and Achievement of Substations during 2023-24                                | 21(1)   |
| 2                                           | Sub Stations (220 kV and above) commissioned/Ready for commissioning in the month.                       | 21(2)   |
| Section E - Electricity Generation          |                                                                                                          |         |
| 1                                           | Electricity Generation (MU) Targets and Achievements for 2023-24                                         | 22      |
| Section F - Power supply position           |                                                                                                          |         |
| 1                                           | Energy Power Supply Position (Provisional) for the month.                                                | 23      |
| 2                                           | Peak Power Supply Position (Provisional) for the month.                                                  | 24      |
| 3                                           | Energy Power Supply Position (Revised) for Apr-2023 and during Apr-23 to Apr-23                          | 25      |
| 4                                           | Peak Power Supply Position (Revised) for Apr-2023 and during Apr-23 to Apr-23                            | 26      |
| 6                                           | Power Supply to Agricultural Sector during May-2023                                                      | 27      |
| Section G - Growth of Power Sector          |                                                                                                          |         |
| 1                                           | Growth of Rural Electrification & Pump Sets Energisation                                                 | 28      |
| 2                                           | Growth of Installed Capacity since 6th Plan                                                              | 29      |
| 3                                           | Growth of Transmission Sector since 6th Plan                                                             | 30      |
| 4                                           | All India Yearly Coal consumption for Power Generation (Utilities)                                       | 31      |
| 5                                           | All India Annual Per Capita Consumption of Electricity since 2006                                        |         |
| 6                                           | Average cost of power supply & Average realisation (Paisa/kWh)                                           |         |
| Section H - Rate of sale of power           |                                                                                                          |         |
| 1                                           | Rate of sale of power for the year 2021-22                                                               | 32-47   |
| 2                                           | Outstanding dues of Power Utilities Payable to CPSUs.                                                    | 48      |

| <b>AT&amp;C Losses</b> | 22.62   | 25.72   | 23.98   | 23.56   | 22.31   | 21.64   | 20.73   | 22.32   | under process |

\* Provisional

Note: .AT&C Losses are based in PFC report on performance of power utilities for the year and T&D Losses are based on General Review Annual Report.

### 12. All India Village Electrification

| Total Number of inhabited Villages | Villages Electrified (Nos.)                                                  | % Villages electrified |
|------------------------------------|------------------------------------------------------------------------------|------------------------|
| 597464                             | All inhabited villages as per census 2011 has been electrified on 28.04.2018 | 100.00                 |

**Note: From the year 2004-05 onwards Definition of Village Electrification:-**

A village would be declared Electrified if

i) Basic Infrastructure such as Distribution Transformer and Distribution lines are provided in the inhabited locality as well as Dalit Basti / hemlet where it exists. (For electrification through Non-Conventional Energy Sources a Distribution Transformer may not be necessary)

ii) Electricity is provided to Public places like Schools, Panchayat Office, Health Centre, Dispensaries, Community Centres etc. and

iii) The number of households electrified should be at least 10% of the total number of households in the village

iv) Mandatory Certification from Gram Panchayat regarding the completion of village electrification should be obtained.

45047

### 13. Average cost of Power & Average Realisation

**Abbreviation:-** SHP=Small Hydro Project (≤ 25 MW), BP=Biomass Power, U&I=Urban & Industrial Waste Power, RES=Renewable Energy Sources

**Note :-** 1. RES include SHP, BP, U&I, Solar and Wind Energy. Installed capacity in respect of RES (MNRE) as on 31.05.2023  
(As per latest information available with MNRE)

**\*Break up of RES all India as on 31.05.2023 is given below (in MW) :**

| Small<br>Hydro Power | Wind Power | Bio-Power       |                 | Solar Power | Total<br>Capacity |
|----------------------|------------|-----------------|-----------------|-------------|-------------------|
|                      |            | BM Power/Cogen. | Waste to Energy |             |                   |
| 4944.30              | 43198.98   | 10248.01        | 556.53          | 67821.22    | 126769.04         |

|    |                                           |                |
|----|-------------------------------------------|----------------|
| A. | Capacity Added during May, 2023           | 0 MW           |
| B. | Capacity Retired during May, 2023         | 0 MW           |
| C. | Net Conv. Capacity Added during May, 2023 | A-B 0 MW       |
| D. | Net RES Capacity Added during May, 2023   | 1076.74 MW     |
| E. | Net Capacity Added during May, 2023       | C+D 1076.74 MW |

\* Off-grid RES Capacity has been included from July-2021 onwards

Sector wise breakup of RES capacity as shown is provisional.

Allocation from central sector stations has been updated till 31.03.2023.

Share of Railway (900 MW) from NABI NAGAR TPP (1000 MW) is included in central sector of Bihar.

Share from private sector generating stations has been updated as per latest information available.

**INSTALLED CAPACITY (IN MW) OF POWER UTILITIES IN THE STATES/UTS LOCATED IN  
NORTHERN REGION**

INCLUDING ALLOCATED SHARES IN JOINT & CENTRAL SECTOR UTILITIES

(As on 31.05.2023)

(#) Lakshadweep and Andaman & Nicobar Islands are stand- alone systems, power supply position of these, does not form part of regional requirement and supply.

(\*) Excludes the supply to Bangladesh.

## Note:

1. Power Supply Position Report has been compiled based on the data furnished by StateUtilities/ Electricity Departments. The MW figures has been rounded off to nearest unit place.

2. (##) The Regional figures include data of other miscellaneous entities drawing power directly from ISTS.

3. Peak Met has been matched with Peak Demand where Peak Demand is less than Peak Met.
