विषय/Subject: Comments/suggestions on draft Technology Catalogue under Indo Denmark Collaboration

A MoU has been signed between Ministry of Power, Govt. of India and Ministry of Climate, Energy & Utilities, Kingdom of Denmark on 5th June, 2020 to develop and promote strategic and technical cooperation in energy sector for mutual benefits.

Development of a Technology Catalogue is one of the area for collaboration. The main purpose of the technology catalogue is to provide standardized data for analysis of electricity systems, including economic scenario models and high-level energy planning studies.

A kick-off workshop was held on 9th December, 2020 and a mid-way workshop was held on 29th June, 2021 which saw a participation from more than 100 stakeholders from different areas of expertise in power sector. Based on the stakeholder inputs, a final draft of technology catalogue has been prepared and can be accessed at the link below.

It is requested that comments/suggestion, if any, may please be forwarded to CEA by 31.12.2021 at ceirpcea@nic.in or keha.indep@gmail.com. Based on your inputs/suggestion the draft Technology Catalogue will be finalized.
