

Joint CEA-ICA India One-day National Workshop on Electrical Safety at New Delhi

In association with M/s International Copper Association of India (ICAI), CEA organized **One-day National Workshop on Electrical Safety** at India Habitat Centre, New Delhi on 10th February 2015. The workshop was inaugurated by Shri Major Singh, Chairperson, CEA & Ex-Officio Additional Secretary to GoI. The workshop was organized to share the national and international experiences on electrical safety and find the ways to boost the electrical safety and reduce the accidents arising due to supply and use of electricity. The workshop was attended by about 100 participants from across the country and abroad dealing with the electrical safety. An experience of electrical safety provisions in Japan was also shared by an expert from Japan.
