Notice

Subject: Launching of India RE Dashboard

India has set a massive target of achieving 175 GW of Renewable capacity by year 2022 and is undergoing an energy transition. Around 94.4 GW of RE capacity has been installed as on 31.03.2021. CEA has been actively monitoring and tracking detailed information for conventional fuel plants, similar data is not readily available for RE plants. In this connection RE dashboard so developed in collaboration with Council on Energy, Environment and Water (CEEW) is Scheduled to be launched on 21st April 2021 at 1530 onwards.

The link for inauguration session is as under :
