**Subject: Furnishing of monthly Environmental Data Status report and Water Consumption data of Thermal Power Stations - reg.**

Sir,

As you are aware, that CEA has notified "CEA (Furnishing of Statistics, Returns and Information) Regulations, 2007" on 19<sup>th</sup> April, 2007 under Section 74 and Sub-Section (3) of Section 177 of Electricity Act, 2003 to collect and record the data concerning generation, transmission, trading, distribution and utilization of electricity and to carry out studies relating to environmental issues and competitiveness and such like matters.

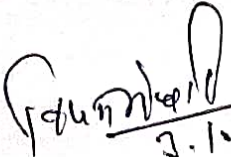

2. Regular monthly environmental data for various parameters at Stack emissions, and annual water consumption data is compiled from all coal/lignite/gas based Thermal Power Stations in the country under Central/State/Private sectors. The data is essentially required for analysis purpose and to frame various policies at central level and mitigation plan for various pollutants. This database is also required to decide the participation of country in several bilateral/multilateral activities of funding.

3. In this regard, it is to be mentioned that the Environment data has not been received from your station. Therefore, it is requested to furnish the Environment data status and specific water consumption (month wise) for the month of August, 2022 of

your Power Station in the prescribed format (annexure enclosed) at the earliest. Further, kindly ensure that the monthly environmental status reports and specific water consumption may reach this office by the 15<sup>th</sup> of the following month positively. The prescribed formats can be downloaded from CEA website link: <https://cea.nic.in/monthly-annual-environmental-data-format-for-thermal-power-stations/?lang=en>

4. The soft copy (MS Excel) of the filled environmental status data and water data may be sent to the email id: 1. [ceet-cea@gov.in](mailto:ceet-cea@gov.in), 2. [cdmcea-tpecc@gov.in](mailto:cdmcea-tpecc@gov.in)

Encl. As above.
